

Johan Esneider Lucumi Palacios

Cali, Colombia • [linkedin.com/in/johanlucumi](https://www.linkedin.com/in/johanlucumi) • +57 315 447 8029 • johanesneiderlucumip@gmail.com

Technologist in Information Systems and Software Development focused on Full Stack development. Experienced in building complete web applications with JavaScript, React, Vue.js, and Astro on the frontend, and Node.js, Express.js, and MySQL on the backend. Skilled in reusable components, REST API consumption and design, relational database management, and production deployment on Vercel, Railway, Render, and Netlify. Proficient in Python, Git, and GitHub.

PROJECTS

Aqua POS | <https://github.com/LilCharchar/Aqua>
Frontend Developer

Cali, Colombia
Nov 2025

Developed the frontend of a restaurant POS system using React, TypeScript, and Tailwind CSS. Built role-based views enabling staff to manage orders, tables, and payments in real-time, ensuring each user only accesses relevant functionality. Consumed backend REST APIs for live order synchronization. Implemented light/dark mode and a reusable component system to maintain visual consistency across the application.

Tienda Miaow | tiendamiaow.vercel.app
Full Stack Developer

Cali, Colombia
Dec 2025

Built a full-stack PC hardware sales platform from scratch using HTML, CSS, JavaScript, Node.js, Express.js, and MariaDB. Developed a PC Builder allowing users to select components by category (CPU, motherboard, RAM, GPU, storage), calculate the total price in real-time, and generate a WhatsApp quote. Implemented a product catalog with search, category and brand filters, and dynamic sorting connected to a database-managed inventory. Integrated an async contact form with REST API calls to a Railway-deployed backend, error handling, and visual feedback.

EDUCATION

UNIVERSIDAD SANTIAGO DE CALI
Technologist in Information Systems and Software Development

Cali, Colombia
Feb 2024 - Dec 2026

SENA
Technical degree in Software Programming

Cali, Colombia
Sep 2022 - Jul 2023
